Eszter Kovács project manager of TaSHI opened the event and invited the participants to take part in the **TaSHI webinar series** that is just kicked-off and the upcoming second event is foreseen in spring next year.

After the welcome, **Paolo Michelutti** WP5 leader of the project introduced the common framework of the TaSHI pilots. He highlighted that the implementation of the TaSHI pilots will be carried out in five European countries: **Italy, the Netherlands, Norway, Lithuania and Estonia**.

All pilots will follow a step wise approach in order to:

- to engage with stakeholders
- to identify and draw on existing best practices
- to address governance issues
- to develop staffing and commit to sustainability

In the next part of the webinar each **pilot country presented their pilots**, following the below questions:

- How was the scope of the pilot selected?
- Which professions are affected in the pilot?
- What are the expectations after the implementation?
